A Commonwealth for Everyone

“An open seat in the Legislature is a wonderful chance to take stock and look at the progress we’ve made, and then to turn our eyes to the future to think about what more we can do to make Massachusetts a Commonwealth for everyone.

Serving my Ward 5 constituents on the Newton City Council over the past several years has been the most rewarding experience in my career. Yet at every turn, we find ourselves confronted with problems that require solutions and funding beyond the level of local government. These include the climate crisis, housing, and healthcare, and so much more.

I’ve learned about navigating a legislative body, what real leadership and teamwork look like, and how our government interacts with residents every day.

I have a vision for a brighter tomorrow for everyone in Massachusetts, and I’m excited to share that with Newton and Brookline voters in the 12th Middlesex District. More importantly, I can’t wait to hear you share with me your ideas, your hopes, and your struggles, as I go door-to-door between now and the September 3rd Democratic primary.”
