

A Commonwealth for Everyone

♻️ Made in Massachusetts 

“ Bill Humphrey prioritizes constituent services work first and foremost. Recognizing the decline of local news, he also communicates with residents about the major debates of the day, so they can understand why proposals are being put forward and what he’s thinking.”
– BRENDA NOEL, Former City Councilor

“ Bill brings new policy ideas and creative solutions to old problems and new challenges. He has worked collaboratively with colleagues like me, community advocates, and constituency groups. I know he’ll do the same at the State House for Newton, Brookline, and the Commonwealth.” – HOLLY RYAN, LGBTQ+ Activist & Former City Councilor

A PROGRESSIVE PROGRAM OF ACTION:

- **Climate change:** Promote flood control; help residents & businesses decarbonize
- **Cost of living:** Address rising monthly **healthcare & housing** costs, **student debt**, **childcare** tuition/access, and **eldercare** via universal public programs
- **Infrastructure: Fix the roads & fix the T**
- **Mental health & substance use:** Treat as collective public health issues, not crimes
- **Reproductive freedom:** Protect & extend abortion access; improve maternal health
- **Economic justice:** Expand labor rights & promote an anti-poverty agenda
- **Public education:** Create universal pre-K, grow base funding for K-12 academics & facilities, expand state higher ed and vocational system/access (including free options)
- **Inclusion:** Foster a Commonwealth for all ages, backgrounds, abilities, & identities

“Bill believes the best way to govern is to mobilize and engage residents to help them navigate the process and advance their own policy aims. He knows change comes when people push for it. Progress doesn’t come from above on its own.”
