

*Raising a family and caring for our elders shouldn't break the bank.
Let's make Massachusetts family-friendly again.*

BILL HUMPHREY WILL FIGHT FOR THESE PROGRESSIVE PRO-FAMILY PROPOSALS FROM LEGISLATORS & LABOR:

- **Daycare & Universal Pre-K:** Strengthen aid to daycare providers to grow capacity at all income levels; every school district should be funded to offer free public pre-K
- **Public K-12:** Boost state aid to reduce class sizes, upgrade facilities, hire aides, provide specialist support for complex student needs, promote academic excellence
- **Public Higher Ed:** Guaranteeing tuition-free public colleges, universities, and vocational programs, with matching expansions of physical capacity and faculty
- **Health:** End unpredictable insurance hikes via universal healthcare, free at point of service, including guaranteed coverage of vision, dental, childbirth, & rare conditions
- **Housing:** Let young adults start lives & families with tenancy stability, construction of 200K new units for all income levels across MA by 2030, and freeing up existing family homes via better empty-nester downsizing options
- **Caregiving:** Fair compensation of family members & care workers for kids, aging parents, and people with long-term disabilities; affordable, quality, public nursing homes that don't drain savings
- **Mental health & substance use treatment:** Quality, science-driven, affordable, public inpatient & outpatient capacity ready for all ages

These cost-effective investments in our families would restore our global competitiveness and make Massachusetts the best place to be.

**BILL
HUMPHREY**
for State Representative
